### REGARDING:

Roller Bearing for X30 125cc engine

### OLD STATEMENT:

IAME X30 125cc engine form n° 254/V (12/11/20)

Page #3 - Roller Main Bearing

### NEW STATEMENT:

We have recently been supplied with a quantity of roller bearings BC1-3342B (p.n. X30125397) where the lateral washer shows a slightly different appearance featuring a small frontal groove as shown in the picture below:

This is due to the manufacturing process, probably done in a different facility.  
The engine integrity and performance are not affected by the above mentioned bearings.
