

**TECHNICAL COMMUNICATION**  
**#02/2023-2024**

To increase safety of the drivers, starting from Round 3 of the IAME Series UAE, only karts with the following installation of braking system will be allowed to participate in the race:

**1 – HIGHLY RECOMMENDED**

We highly recommend the use of steel brake safety cable along with a M6 long fork.

**STEEL BRAKE SAFETY CABLE**

**M6 LONG FORK**

**2 - ACCEPTABLE**

Safety wires will be accepted but they need to be properly secured (e.g. with cable ties).

**3 – NOT ACCEPTABLE**

Loose thin safety wires and clips as shown in the picture below are not acceptable and will not pass the scrutineering.

**ANY KART WITH SUCH WIRE/CLIP WILL NOT PASS THE SCRUTINEERING**
